

# HULTAFORS GROUP

## Quality Policy

For Hultafors Group, quality is key in our working methods, and in the products we offer.

By formulating and documenting standards in The Way We Work, we assure quality in every step.

**We use our competence to:**

- Meet or exceed customer expectations to sustain a profitable cooperation.
- We push boundaries to deliver functionality, quality and safety in the design of reliable products. We develop products based on insight into user and customer needs, to deliver high productivity for users.
- We identify and deliver upon key indicators and objectives.
- We perform to deliver at the right time, according to requirements, and agreed standards with a “right from me” approach. We use continuous improvements to secure constant improvement and use preventive actions to mitigate risks. That is the Way We Work.
- We grow people, and secure that all employees have the prerequisites to fulfil assignments and objectives.
